

QLineEdit

QLineEdit

curve_storage.gui.ProjectLineEdit

```
classDiagram
    class QLineEdit
    class ProjectLineEdit["curve_storage.gui.ProjectLineEdit"]
    ProjectLineEdit --|> QLineEdit
```

The diagram illustrates a class hierarchy. At the top, there are two boxes, both labeled 'QLineEdit'. Below them, centered, is a box labeled 'curve_storage.gui.ProjectLineEdit'. A horizontal line connects the two 'QLineEdit' boxes. From the center of this line, a vertical line descends to the top of the 'curve_storage.gui.ProjectLineEdit' box. From the top of this vertical line, two arrows point upwards to the bottom of each 'QLineEdit' box, indicating that 'curve_storage.gui.ProjectLineEdit' inherits from 'QLineEdit'.
