

QGroupBox

QGroupBox

curve_storage.gui.NewFilterWidget

```
classDiagram
    class QGroupBox
    class NewFilterWidget["curve_storage.gui.NewFilterWidget"]
    NewFilterWidget --|> QGroupBox
```

The diagram illustrates a class hierarchy. At the top, there are two boxes, both labeled 'QGroupBox'. Below them, centered, is a box labeled 'curve_storage.gui.NewFilterWidget'. A horizontal line with upward-pointing arrows at both ends connects the two 'QGroupBox' boxes. A vertical line descends from the center of this horizontal line to the top of the 'curve_storage.gui.NewFilterWidget' box, indicating that 'curve_storage.gui.NewFilterWidget' inherits from 'QGroupBox'.
