

QGroupBox

QGroupBox

curve_storage.gui.MasterFilterWidget

```
classDiagram
    class QGroupBox
    class MasterFilterWidget["curve_storage.gui.MasterFilterWidget"]
    MasterFilterWidget --|> QGroupBox
```

The diagram illustrates a class hierarchy. At the top, there are two boxes, each labeled 'QGroupBox'. Below them, centered, is a box labeled 'curve_storage.gui.MasterFilterWidget'. A horizontal line connects the two 'QGroupBox' boxes. From the center of this line, a vertical line descends to the top of the 'curve_storage.gui.MasterFilterWidget' box. From the point where the vertical line meets the horizontal line, two arrows point upwards, one to the bottom of each 'QGroupBox' box, indicating that 'curve_storage.gui.MasterFilterWidget' inherits from 'QGroupBox'.
