

pg.PlotWidget

pg.PlotWidget

curve_storage.gui.PlotWidget

```
graph BT; A[pg.PlotWidget] --> B[pg.PlotWidget]; C[curve_storage.gui.PlotWidget] --> A;
```

The diagram illustrates a class hierarchy. At the top, there are two boxes, both labeled 'pg.PlotWidget'. A horizontal line connects the bottom of these two boxes. From the center of this line, a vertical line extends downwards to the top of a third box labeled 'curve_storage.gui.PlotWidget'. This vertical line then splits into two horizontal lines, each ending in an arrowhead pointing upwards towards the bottom of one of the 'pg.PlotWidget' boxes, indicating inheritance.
